

anik line

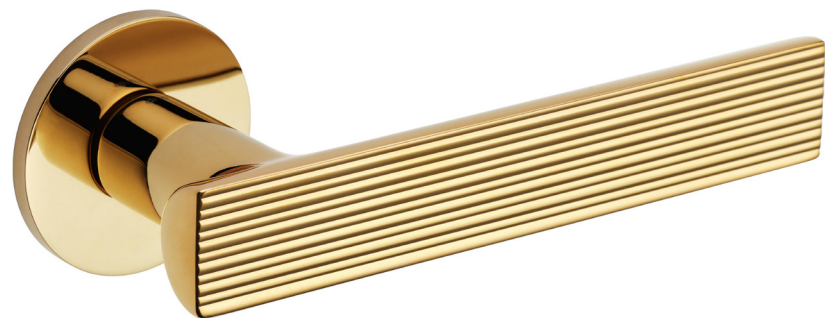

Il modello Line della maniglia Anik si distingue per le sottili scanalature che animano l'impugnatura: un decoro che conferisce movimento alla superficie frontale dell'oggetto e valorizza il materiale che lo compone, l'ottone.

The Line model of the Anik handle is emphasised by the subtle grooves that animate the handle: an ornament that gives movement to the front of the object and enhances the material it is made of, brass.
